**The International Conference of Sports Car Clubs  
Presents  
The 56th Annual ICSCC  
Championship Awards Banquet**

Welcome to the Banquet

I would like to welcome everyone to the 56th Annual ICSCC Banquet. This is our opportunity to recognize not only our Championship class winners, but all the volunteers that make racing possible in the Pacific Northwest.

The 2012 ICSCC season saw each of the 5 member clubs hosting 3 races for a total of 15 championship races held over 11 weekends at 6 racing facilities. The total participation in 2012 was 2183 including the special races. This is a slight reduction from last year but the future of Conference looks good.

Conference was pleased to add The Ridge Raceway Park at Shelton, WA to our list of approved racing facilities this year. The Ridge combined with the five existing racing facilities (Mission Raceway Park, Oregon Raceway Park, Pacific Raceway, Portland International Raceway, & Spokane County Raceway) provides Conference a unique advantage. While other areas of North America and Canada are losing racing facilities, we have been able to increase our racing venues over the last 4 years. This advantage will allow Conference to attract racers from adjacent areas and assist the member clubs in achieving financial stability.

Conference has shown itself to be a successful organization for 56 years by remaining true to its goal to supervise and regulate competition in accordance with the wishes of the majority of Conference License holders. The racing community in the Pacific Northwest has many options when it comes to the organization in which to race. We have been successful because we listen to our membership and act responsibly within the rules of our organization.

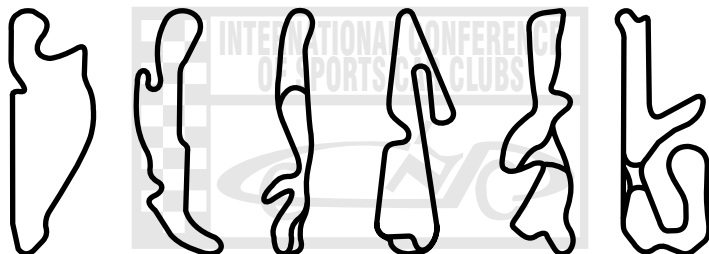

I have enjoyed my first year as Conference President. The people that you meet and the ideas that are conveyed in open discussions are enlightening. I would like to thank my staff for all the assistance given this year and the simple reminders of items to be addressed. Conference is blessed with very dedicated individuals who think of our organization ahead of all else.

I hope you enjoy the evening,

Dave Bennitt  
ICSCC President

# 2012 Race Schedule

Date	Track	Entries
May 5-6	Portland Int' l Raceway	200
May 19-20	Pacific Raceways	159
May 26-27	Oregon Raceway Park	118

### No Trophies Awarded In The Following Championship Classes

AP, BP, CP, DP, SPU  
CSM, EP, FP, HP, IP, JP, HC4, ITX  
FA, FM, FF  
GT1, GT3, RS  
FIP, HIP, ITB, ITC, ITS  
ASR, BSR, CSR, DSR, ESR, FL, F440/500, S2

\* Championship Points are awarded per Rule 503.

For the purpose of tabulating year end point totals, a maximum of 10 races will count. No more than the drivers best three finishes at any given ICSCC track will count for the Championship point totals.

Photos by Gerry Frechette and Sue Phypers

# Novice Driver of the Year

## 2011 Recipient – Adrianna Klein

The G.B. Sterne Novice Driver of the Year award is named for the man whose foresight led to the Conference Novice program. G.B. and Lydia Sterne were active supporters of Conference, G.B. being our first Vice President. Always helping new drivers, George and Lydia ran the Novice Licensing Program in the late 60's, donating many of G.B.'s trophies to the Novices. G.B. raced Morgans to over 170 wins, supporting his racing by operating a Morgan dealership in Sidney and Vancouver, BC.

The ICSCC Novice Driver of the Year is selected by the License Director. The award is presented to the driver from the Novice program who has demonstrated outstanding development and ability both on and off the track.

### The Randall Cup

Named in honour of Bob and Hilda Randall

### 2012 Driver of the Year

---

## **Congratulations to Michael McAleenan, Lee Fjellenger and Greg Coffin, 2012 ICSCC Champions**

Once again ERC racing fuel, supplied by Armadillo Racing, has powered three more winners. Well done to Michael in SPM and ST, Lee in FSR, and Greg in FC for their 2012 ICSCC Championships.

ERC Racing Fuel is the winningest fuel in Conference history. For over 28 years champion after champion has used ERC because of its purity, consistence and power.

In 2013 join the champions who use ERC racing fuel:  
"Combustion Technology that wins races."

ERC Racing Fuel is available trackside from Armadillo Racing Inc. on most Conference Race Weekends.
