Steward's Soapbox

We've completed half the season and I'm finally learning everyone's name. It's the best part of the Steward's job - meeting folks in and around the paddock, drivers, crew, family and workers; people I've seen here for years and never taken the time to introduce myself to and talk with. It's a wonderful experience. I encourage everyone to volunteer and get involved, give something back to the sport that you love so much. I guarantee you'll find it worthwhile.

What's not been so worthwhile is writing up tickets for infractions. Spokane was a tough event for drivers and vehicles. What happened? It seems that many of us climbed into our mighty racecars and the brain mis-shifted and caught neutral by mistake, and we never quite got it back into gear before we pulled out onto the track. Perhaps some of the turn stations are difficult to see at SRP, but that's all the more reason to focus on them as you pass. Remember that these stations are your vision around the approaching turn. The volunteers working these stations in the sun and the rain are some of the best in the world: appreciate what they are trying to do for you. **AND PAY ATTENTION!!**

Lastly, it's that time of year for you to be thinking about rule changes. One of the great things about Conference is that the rules are put together by the drivers, not some committee on the other side of the continent. Contact your Club, get in touch with others in your class, start getting these thoughts down on paper. The time is quickly approaching when these proposals have to be collected and voted on. Don't be one to sit on pre-grid in 2006 *wishing* that you had proposed a change.

That's it for now, any questions?

Ken Hill

Hubbard/Downing Inc. Announces the HANS, Head and Neck Support® to be custom fitted and expertly serviced locally to Northwest Racers

For the first time since the inception of the HANS® device in the mid 1980's, a nationwide servicing dealer program has been introduced to bring the information and expertise necessary for proper fit and selection of this important safety device directly to the racer. Recognizing the need to explain, demonstrate, custom fit and sell the HANS® device, a search began in 2002 to locate just the right company to present the device to the Pacific Northwest racing community.

After a very careful search, **Armadillo Racing Enterprises of Bremerton Washington** has been selected to represent the HANS® device to racers in Washington, Oregon, Idaho, and Montana. "We are honored that Hubbard/Downing has selected our company to bring the HANS® device to northwest racers. They set very high standards because of the serious nature of driver safety and because of the need to be sure the correct model of the device is properly fitted to the exact need of each racer. Our 17 years in the safety equipment business, selling and servicing racers trackside through our 28 ft. showroom/trailer and our respected business reputation was the reason we were chosen."

In addition to representing the HANS® device, Armadillo Racing is your complete trackside store featuring these great products: Red Line Oil (most all oils and gear lubes in stock including Water Wetter), Safety Equipment (Bell, Simpson, Bieffe, Momo and OMP helmets, gloves, shoes, suits) and featuring Carbon-X Underwear; Goodridge Competition Plumbing; Numbers, Letters, Nuts and Bolts, stop watches, brake pads, Mechanix Wear gloves, chemicals, too much inventory to list. They also carry a great selection of racing books and fanwear. If you need it, there is a good chance ARE has it at the track on race weekends.

"Andy supplies great products at reasonable prices and has an amazing inventory at track side."

— **Alastair Lockett** '67 Mustang SPO

"Armadillo Racing & Andy Collins is Great! What's better is dealing with real people, selling real products, and being local to boot. Thanks, gang, for being there and providing the support, education and experience." — **Rob Barker**

"Andy is fair and good to deal with. Good to work with an honest person that will work with you." — **Phil Edwards** RX-7

CSCC Supplemental Regulations 2005

Infractions will result in penalties assessed to the driver.

1. Open to cars eligible under ICSCC current regulations.
2. This event is organized under 2005 ICSCC Competition Regulations, and all who enter PIR are subject to them. Cascade Sports Car Club reserves the right to refuse entry to this event or to PIR at any time.
3. Alcoholic beverages allowed in the *beer garden area only*, and only after the track closes. You may not bring alcohol into PIR! This is an Oregon Liquor Commission requirement. Any person caught bringing alcohol into PIR will be *banned from the raceway*.
4. Registration closes at 1:30 pm Saturday and at 10:00am on Sunday.
5. Competition numbers must be readable: Section 1106 enforced.
6. Late entries handled according to ICSCC rules. Entries received after the postmark deadline will be charged \$50.
7. Under 18 years old not allowed in hot pits, pre-grid or on victory laps. Under 12 must have direct adult supervision at all times.
8. A current and properly completed minor release form, signed by an authorized adult, must be on record for all minor participants brought into PIR.
9. The scales will be open Saturday from noon and Sunday all day.
- 10. No skateboards or scooters allowed in the paddock area. Users of bicycles and small motorized vehicles may have riding privileges revoked at any time by the Race Chairperson.**
11. Refueling not allowed in pre-grid. Fueling in the hot pits requires a crew member assigned only to manning a fire bottle. Excess spillage will result in a penalty.
12. *No smoking* allowed in hot pits, pre-grid or *any* PIR building.
13. Only one support vehicle allowed in paddock. Pit and pre-grid roads must remain clear.
14. Noise rule ICSCC 1112 enforced! 103 dB at 50 ft.: *no exceptions!*
15. Oregon State Law requires functioning mufflers to be used at PIR. Functioning mufflers must be capable of reducing sound energy by at least 5dB at trackside. Cars losing mufflers, even if they are still below the sound level, will be black-flagged immediately.
16. Damage to the track, grounds or buildings, regardless of cause, will be charged to the driver responsible. Also, damage to any equipment or devices used by the sanctioning body (ICSCC) or sponsoring club (CSCC) to conduct this race, regardless of cause, will be charged to the driver responsible.
17. Family and crew members of drivers are to contact the land line communication person at pre-grid with any questions regarding their driver or car.
18. All entrants for this event shall present at tech inspection an empty, sealable container or containers, marked with the driver's name and license number, capable of holding 2 gallons of liquid. These are to be used to remove all oil, cleaners, brake fluid, etc. from PIR. There will be no drums provided.
19. Anyone caught dumping oil at the raceway will be fined and banned from the raceway. This is a PIR regulation.
20. If entries exceed the number of cars allowed on the track for a particular event, drivers and cars entered as an "additional event" will be restricted from participating, on a first-come, first-served priority based on the date entries were received. This is in order to allow participation by all drivers for whom the event is their primary event, including Novices upgrading to a championship event.
21. NSF checks will be charged an additional \$50 fee.
22. The racing "hot pit" is defined as that area under the control of Hot Pits personnel. This area is located immediately west of the break in the concrete wall half way up the pit lane. Per ICSCC rule #1607, any person over that "pit wall" during practice, qualifying or races shall wear long pants, shirts that cover the shoulders, and shall not be barefoot or wear open-toed shoes. At the one minute warning, pre-grid becomes a "hot" area. At that time, pre-grid must be cleared of all crew, support personnel and spectators. Notwithstanding the above, ICSCC rule #1607 does not apply to the pre-grid area.
23. All cars that are towed into the paddock area are subject to being dropped off in impound.
24. In order to receive a refund you must notify registration if you are withdrawing from the event after you have checked in at registration.

Thank you – Gary Bockman, CSCC Race Chairman
